

KIPDA Caregiver Program

Caring For Loved Ones

For the Trager Institute's Caregiver Program we work to support individuals caring for a loved one that is 60 or older in Bullitt, Henry, Oldham, Shelby, Spencer, Trimble and Jefferson County in Kentucky.

"The caregiver support group gives me a chance to talk with and listen to other caregivers. The therapists make me feel less alone, allow me to vent when things are really difficult, and give me ideas of how to make things easier."

-Caregiver testimonial

Services are funded in part with funds awarded by KIPDA through the Department for Aging and Independent Living with fund from the U.S. Department for Health and Human Services.
