

# UofL Trager Institute Caregiver Program Caring For Loved Ones

The UofL Trager Institute's Caregiver Program supports individuals caring for a loved one that is 60 or older or someone under 60 diagnosed by a doctor with dementia or Alzheimer's in Bullitt, Henry, Oldham, Shelby, Spencer, Trimble and Jefferson County in Kentucky.

*"The caregiver support group gives me a chance to talk with and listen to other caregivers. The therapists make me feel less alone, allow me to vent when things are really difficult, and give me ideas of how to make things easier."*

*-Caregiver testimonial*

*Services are funded in part with funds awarded by KIPDA through the Department for Aging and Independent Living with fund from the U.S. Department for Health and Human Services.*
