

OACS | Older Adult Caregiver Support Group

The UofL Trager Institute OACS group is a new support group that connects UofL employees with caregiver supports and resources. This group is an opportunity for caregivers to find support from other caregivers, learn about caregiving resources, and attend caregiver events. OACS is part of the University of Louisville's Employee Resource Groups.

The OACS group exists primarily online, in addition to hosting periodic in-person educational events and seminars.

LOCATIONS

OACS will meet at noon on the 2nd Tuesday of every month, alternating between UofL campuses. Follow us on Facebook for more details.
